Заместитель главного диспетчера _____ Д.В. Гаврилин

The Gantt chart displays the timing of various events across 31 days. The events are categorized by color and pattern: solid black, solid grey, and hatched. The events are labeled with letters: B, C, H, N, and C. The chart is organized into three main sections: 'Main 2012' (days 1-17), 'Main 2012' (days 18-26), and 'Main 2012' (days 27-31). Each day is represented by a horizontal bar, and the events are indicated by vertical lines of different colors and patterns. The events include 'B', 'C', 'H', 'N', and 'C'.
